Introduction

DEP *Permit Applications*, as well as *Instructions & Support Materials*, are available for download from the DEP Web site at mass.gov/dep in two file formats: Microsoft Word[®] and Adobe Acrobat PDF[®]. Either format allows documents to be printed.

Instructions & Support Materials files in Microsoft Word[®] format contain a series of documents that provide guidance on how to prepare a permit application. Although we recommend that you print out the entire package, you may choose to print specific documents by selecting the appropriate page numbers for printing.

Permit Applications in Microsoft Word[®] format must be downloaded separately. Users with Microsoft Word[®] 97 or later may complete these forms electronically.

Permitting packages in Adobe Acrobat PDF[®] format combine *Permit Applications* and *Instructions & Support Materials* in a single document. Adobe Acrobat PDF[®] files may only be viewed and printed without alteration. *Permit Applications* in this format may not be completed electronically.

Bureau of Waste Prevention (BWP) Guidance

Transporters of Class B(4) Regulated Recyclable Materials must have a valid, up-to-date Transporter License in order to conduct operations in Massachusetts. If your existing License to Transport Precious Metals Class B(4) Regulated Recyclable Materials expires, you must renew it by submitting a BWP HW15 renewal application.

In August 2000, the Department streamlined its hazardous waste transporter and precious metals transporter licensing programs. The Department's permitting and compliance fee regulations (310 CMR 4.00, titled "Timely Action Schedule and Fee Provisions") now specify the following processing timelines:

- T1 - Within 60 days of receipt of the application and payment of the fee, the Department will complete a Technical Review.
- TRD - If deficiencies in the application are identified, applicant may remedy those deficiencies within 60 days; and,
- T2 = Within 60 days of receipt of an applicant's response to a deficiency, the Department will complete a supplemental technical review.

As before, the renewal application fee for a license to transport precious metals is \$450. Payment is made using the Transmittal Form enclosed in the application package.

Applicants are required to submit **only one complete application original** to the Department. Firms submitting incomplete applications will be notified of deficiencies and required to provide the requested information. Failure to respond adequately and in a timely manner will result in renewal application denial and license revocation.

If a licensee allows its precious metals transporter license to expire without submitting a renewal application, the Department will not grant an extension for the existing precious metals license; it will expire. Firms not intending to renew should notify the DEP/BWP Business Compliance Division as soon as possible.

For qualified applicants, the Department will issue precious metals transporter licenses for terms of up to five years.

How to Avoid Common Mistakes

How can I avoid the most common mistakes made in applying for this precious metals transporter application?

- a. **HAZADOUS WASTE REGULATIONS:** Prior to filling out your application, obtain an updated copy of the Hazardous Waste Regulations (310 CMR 30.000) and refer to the sections cited in the application package for guidance on the information required.
- b. **ORGANIZE YOUR APPLICATION:** Arrange your application attachments in the same order as listed in “Attachments” (Section G of the Permit Application”. The Permit Fact Sheet, the Hazardous Waste Regulations, and instructions in the Permit Application offer guidance for submitting a complete application.
- c. **DRIVER TRAINING:** (1) Provide a certification on company letterhead which states that the applicant is subject to the DOT hazardous materials training requirements of 49 CFR Part 172 (Subpart H) and Part 177, and that all drivers are currently trained and tested (See Transporter Data Sheet TDS 02-3, Training Programs); (2) Include a notation in your TDS 01-3 response indicating that drivers receive training in the list of notification numbers to call in the event of a spill or release, and that those numbers are listed in the Emergency Response Guide submitted in Attachment TDS-02-10, Spill Cleanup Equipment and Procedures.
- d. **OFFICER & DIRECTOR INFORMATION:** Provide the names and addresses of all officers, directors, and partners of the company and of all individuals who hold greater than 5% equity in the company (See Transporter Data Sheet TDS 02-4, Officers and Directors)
- e. **“NONE” VS. “N.A.”:** Respond directly to information requested on the Transporter Data Sheet for inclusion in each attachment; if for example, you have no “Other Business Activities”, indicate “none”; don’t respond by indicating “N.A.” (SEE TDS 02-5, Other Business Activities).
- f. **DISCLOSURE:** Disclose all past and pending legal and administrative actions and civil suits regarding violations of environmental or public health laws or regulations (See Transporter Data Sheet TDS 01-6, Past/Pending Legal or Administrative Actions), including all violations issued by the Massachusetts DEP. Also disclose a list of past or pending hazardous waste related civil suits (by docket number) (See Transporter Data Sheet TDS 02-7, Past/Pending Civil Suits). Failure to disclose these items may result in the denial of your application, the revocation of your license, and/or the assessment of penalties.
- g. **LIABILITY INSURANCE:** Provide the insurance documents required by 310 CMR 30.410. These are: (1) a Certificate of Insurance for automobile liability and (2) DOT Endorsement (Form MCS-90) for environmental restoration which amends the automobile policy number on the certificate of insurance (note that the corresponding automobile policy number must appear on the endorsement form!). Both insurance documents must be in an amount of at least \$1 million. The Certificate of Insurance must indicate the Department of Environmental Protection as the certificate holder (“Massachusetts DEP, Bureau of Waste Prevention, Business Compliance Division,, One Winter Street, 9th Floor, Boston, MA 02108”), and must provide 30 day notice of cancellation. (See Transporter Data Sheet TDS 02-9, Insurance Documents).
- h. **EMERGENCY PROCEDURES:** Submit your company’s Emergency Procedures Guide which outlines step-by-step procedures to be followed by the driver in the event of a spill or release of hazardous waste during transport. The Guide must include a list of who shall be notified after a release, how the spill or release shall be initially contained, and how required emergency equipment shall be used. Make sure your list of DEP emergency response numbers and regional office phone numbers is up-to-date. The DEP emergency phone numbers are 617-556-1133 (from the Boston area) and 888-304-1133 (toll-free). The DEP regional office phone numbers staffed on weekdays during normal business hours are:

Form Approved
OMB No. 2125-0074

The insurance policy to which this endorsement is attached provides automobile liability insurance and is amended to assure compliance by the insured, within the limits stated herein, as a motor carrier of property, with Sections 29 and 30 of the Motor Carrier Act of 1980 and the rules and regulations of the Federal Highway Administration (FHWA) and the Interstate Commerce Commission (ICC).

In consideration of the premium stated in the policy to which this endorsement is attached, the insurer (the company) agrees to pay, within the limits of liability described herein, any final judgement recovered against the insured for public liability resulting from negligence in the operation, maintenance or use of motor vehicles subject to the financial responsibility requirements of Sections 29 and 30 of the Motor Carrier Act of 1980 regardless of whether or not each motor vehicle is specifically described in the policy and whether or not such negligence occurs on any route or in any territory authorized to be served by the insured or elsewhere. Such insurance as is afforded, for public liability, does not apply to injury to or death of the insured's employees while engaged in the course of their employment, or property transported by the insured, designated as cargo. It is understood and agreed that no condition, provision, stipulation, or limitation contained in the policy, this endorsement, or

any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgement, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgement recovered against the insured as provided herein, the judgement creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.

The limits of the company's liability for the amounts prescribed in this endorsement apply separately, to each accident, and any payment under the policy because of any one accident shall not operate to reduce the liability of the company for the payment of final judgements resulting from any other accident.

Any other endorsement thereon, or violation thereof, shall relieve the company from liability or from the payment of any final judgement, within the limits of liability herein described, irrespective of the financial condition, insolvency or bankruptcy of the insured. However, all terms, conditions, and limitations in the policy to which the endorsement is attached shall remain in full force and effect as binding between the insured and the company. The insured agrees to reimburse the company for any payment made by the company on account of any accident, claim, or suit involving a breach of the terms of the policy, and for any payment that the company would not have been obligated to make under the provisions of the policy except for the agreement contained in this endorsement.

It is further understood and agreed that, upon failure of the company to pay any final judgement recovered against the insured as provided herein, the judgement creditor may maintain an action in any court of competent jurisdiction against the company to compel such payment.
